DIGITAL HOOKUP.

The new G5 Sport Coupe. Designed to sync you instantly with the latest technologies, from unexpected standards that read like extras—such as a jack in every radio that lets you plug in your iPod®/MP3 player—to extras that heighten the entire experience.

Grab the G5 GT with its array of performance features, such as a powerful, yet fuel-savvy,* 173hp 2.4L ECOTEC engine and sport-tuned suspension.

Put your mark on G5 or G5 GT with a range of available options, packages and accessories. Expand your musical horizons with an in-dash six-disc CD changer, a seven-speaker, 228-watt Pioneer® premium sound system and the digital-quality sounds of XM Satellite Radio. See page 108 for details on the great variety of programming choices XM offers. Page 109 highlights available OnStar services.

*EPA estimated mpg 25 city/34 hwy. with manual transmission.

PREFERRED PACKAGE	01	SPORT PACKAGE	02	SUN & SOUND PACKAGE	03	PREMIUM PACKAGE	04	SECURITY PACKAGE	05
Cruise control, 16-inch custom-spoke wheels, cargo net, body-color bodyside moldings, and ABS.		Leather-wrapped shift knob, steering wheel with radio and cruise controls, fog lamps, chrome exhaust tip and 16-inch machine-faced aluminum wheels (requires Preferred Package).		Power sunroof and seven-speaker 228-watt Pioneer premium sound system with 10-inch subwoofer.		Perforated leather-appointed heated seats and seven-speaker 228-watt Pioneer premium sound system with a 10-inch subwoofer (requires Sport Package on G5 Coupe).		One year of the OnStar Safe & Sound Plan (see page 109 for details), head curtain side-impact air bags* and ABS.	

AMP UP YOUR OPTIONS.

G5 is all about personality, expressing its own, and especially yours. Starting with a surprising list of standard features—like a 148hp 2.2L ECOTEC engine with an EPA estimated mpg of 25 city/34 hwy., air conditioning with air filtration, power door locks, windows and mirrors and remote keyless entry—G5 then offers five available equipment packages that allow you to economically build it your way. Outfit your G5 with the equipment you need, want and *must* have.

01 > 05

*Head curtain air bags are designed to help reduce the risk of head and neck injuries to front- and outboard rear-seat occupants on the rear side of certain side-impact collisions. Always use safety belts and the correct child restraint system for your child's age and size. Children are safer when properly secured in a rear seat. See the Owner's Manual for more safety information.

G5 shown in Black.

DIGITAL ROADSHOW.

G5 proves that sound travels very well. Start with the virtually boundless programming choices and digital-quality sound of available XM Satellite Radio as well as the navigational abilities of available OnStar. Pages 108-109 have the details. Choose from a single-disc or optional six-disc, in-dash CD changer—each capable of playing MP3 CDs and displaying title and artist. Both systems include an input jack so an iPod®/MP3 player can plug directly into the radio.

Surround yourself in even more powerful sounds by including the optional seven-speaker, 228-watt Pioneer premium sound system with 10-inch subwoofer—ingeniously stowed out of the way in the rear cargo area. Acoustics reach near luxury-car levels thanks to sound-isolating materials strategically positioned to minimize noise. Enjoy the show.

ROOM TO CALL YOUR OWN.

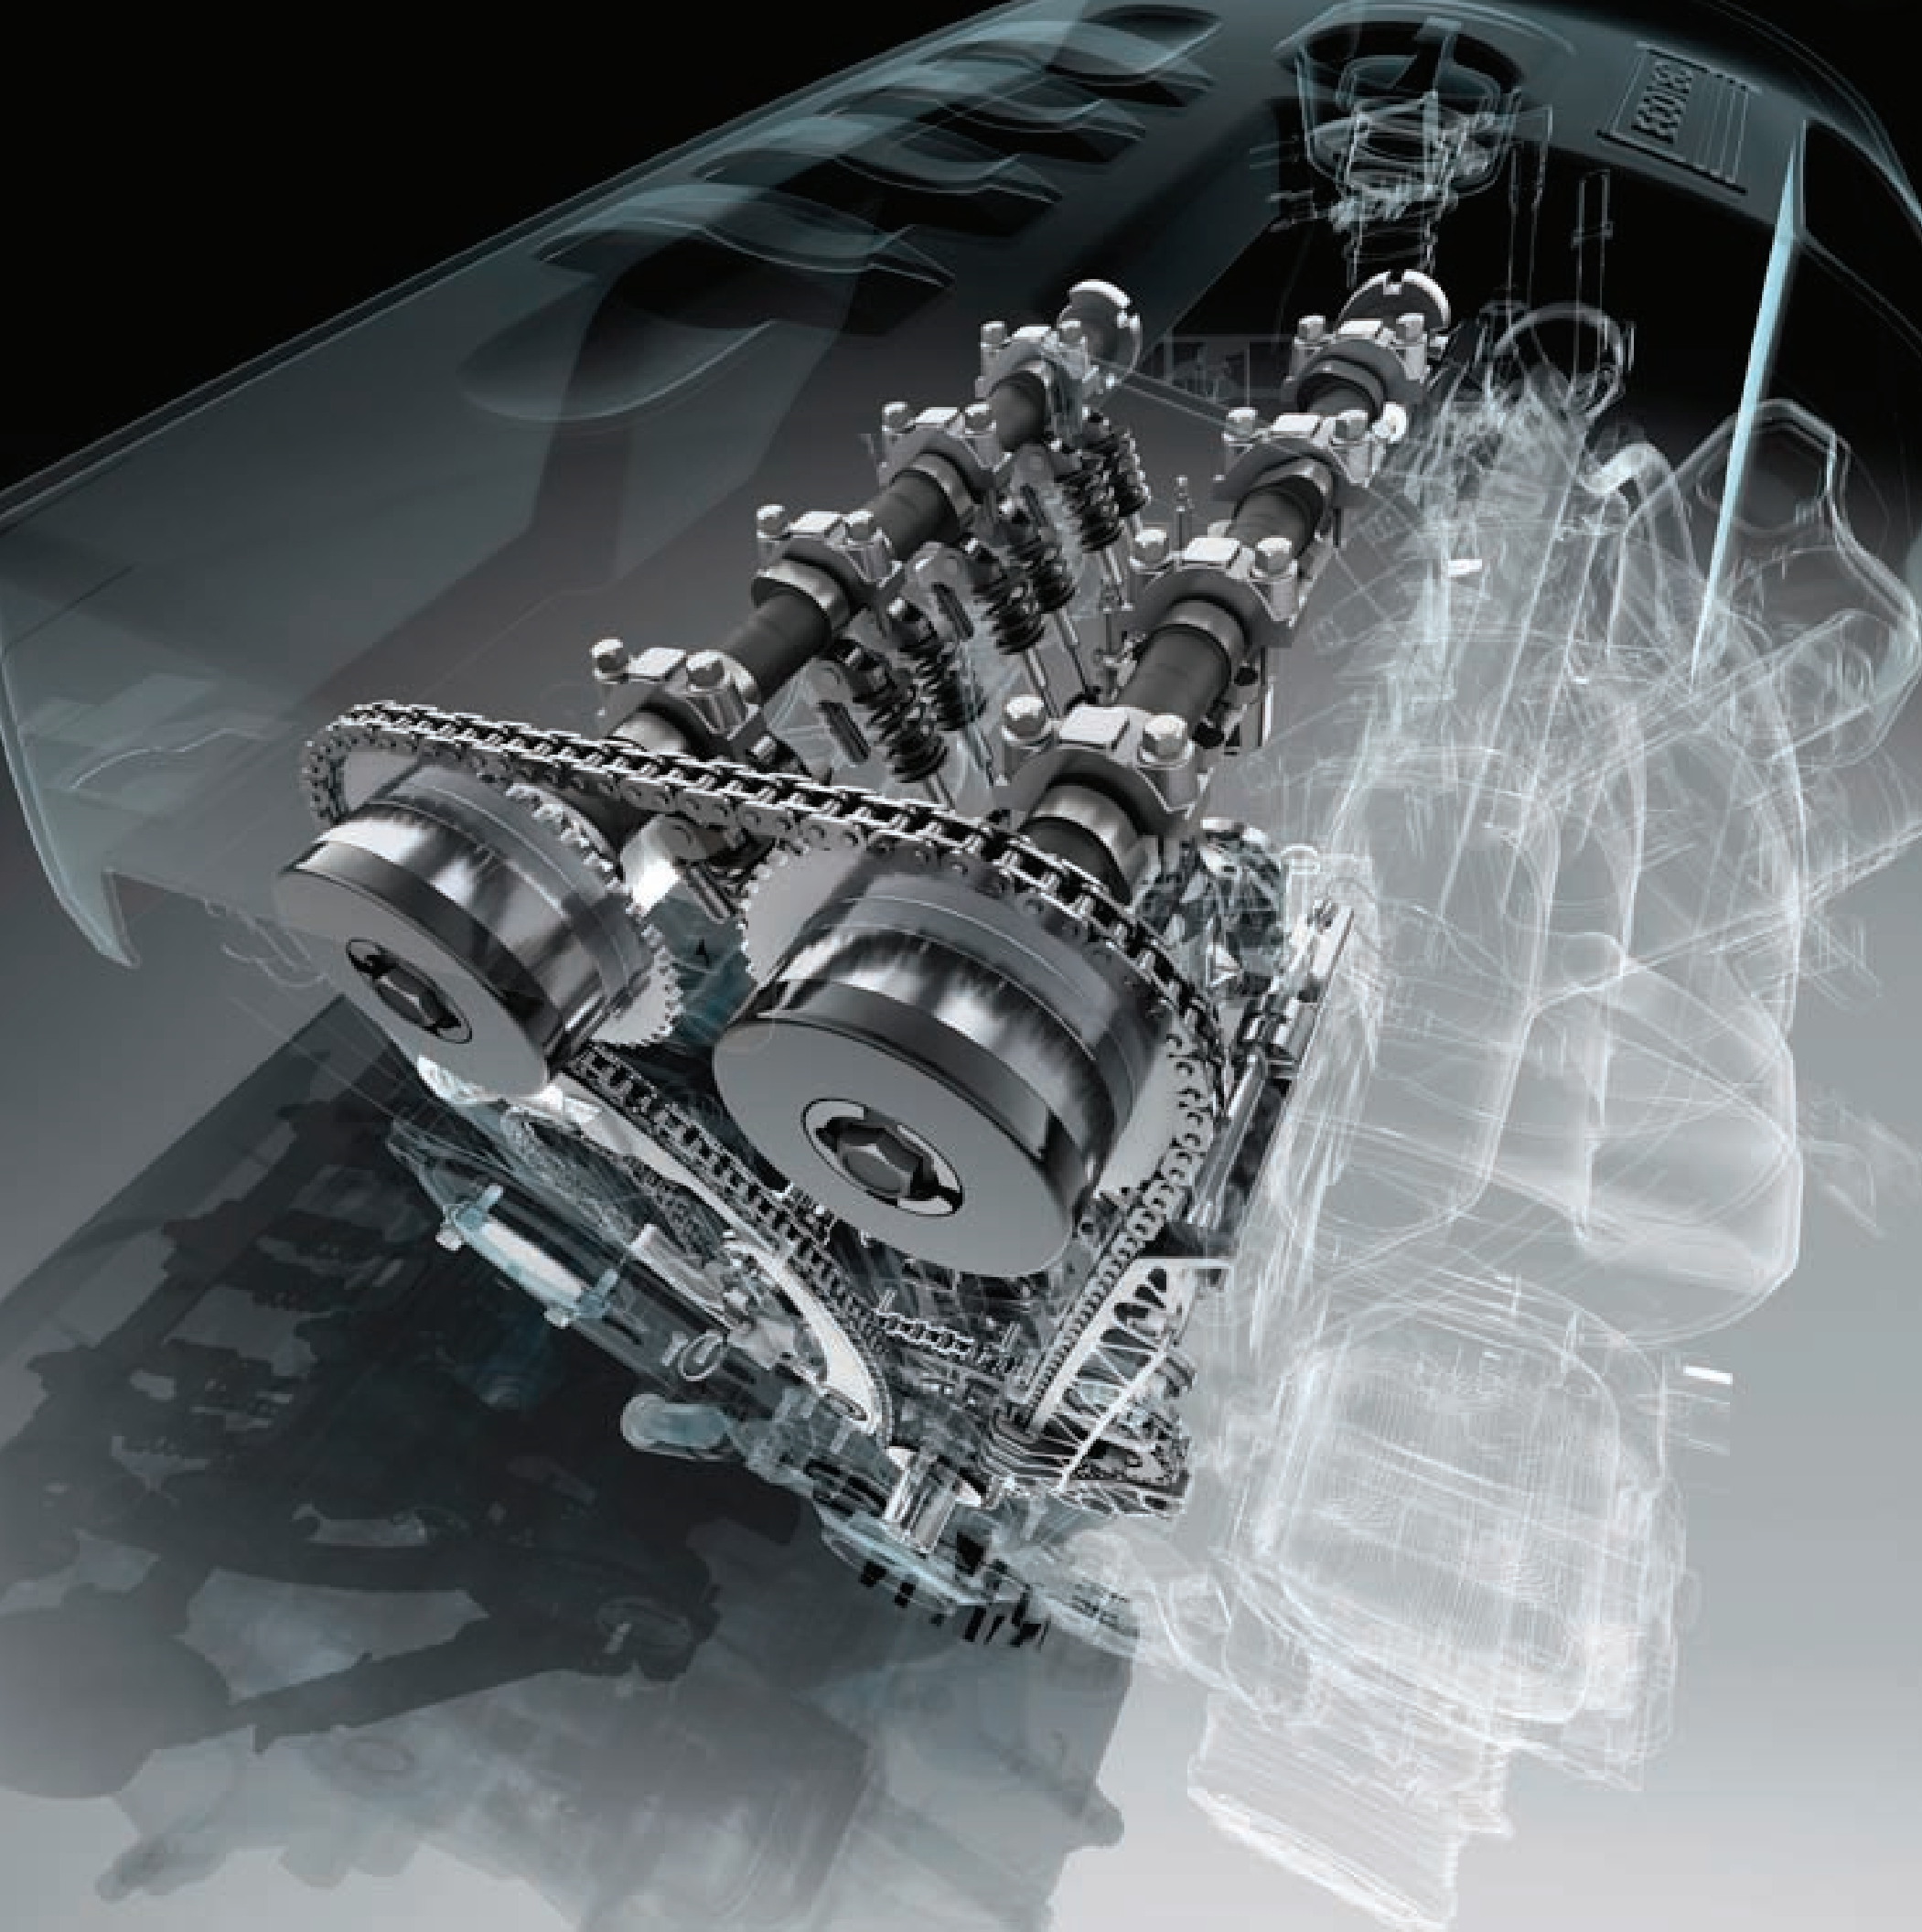

G5 is designed around you. Take a seat and immediately find room to stretch out. There's more front head and leg room than Scion tC, and more rear head room than Honda Civic and Civic Si coupes.* Plus, everyone will find the extra support active driving demands. Seats are contoured with bolster supports to keep you firmly in position during cornering. And both G5 and G5 GT offer available heated perforated leather-appointed front seats.

The controls are well-placed and easy to reach. Distinguished by the clean, precise look of white-faced sport gauges, the instrument cluster includes an integrated Driver Information Center for enhanced vehicle-to-driver communication.

Even add a dash of color (blue, red or yellow) to the instrument panel, shift knob and door trim inserts with the available dealer-installed accessory trim kit. Check out pages 58 and 59 for even more accessory choices.

*Competitive comparisons are based on the latest information available at time of printing.

**POWER TRIP.**

Put your foot down. You're rewarded with two racing-inspired ECOTEC four-cylinder engines. A 148hp 2.2L engine is standard on G5—outpowering Civic Coupe and Focus three-door—while the High-Output (HO) 173hp 2.4L Variable Valve Timing (VVT) engine powers G5 GT. Both feature dual overhead camshafts, aluminum blocks and cylinder heads, electronic throttle control, coil-on-plug ignition and five-year or 60,000-mile limited powertrain coverage.*

The HO 2.4L ECOTEC adds VVT for the continuous management of intake and exhaust valves to create the optimal combination of low-end torque—more than Honda Civic Si—and high-end horsepower. Thanks to the ingeniously engineered ECOTEC engines, this increased power and performance result in the same excellent fuel economy as the 2.2L (EPA estimated mpg 25 city/34 hwy. manual). This innovation also results in more horsepower and better highway fuel economy—by 13%—than Scion tC.**

Mated to both is the smooth Getrag 5-speed synchronized (including reverse, a class rarity) manual or an available high-torque-capable electronically controlled 4-speed automatic transmission. Plus, even before reaching the driver's seat, the available factory-installed remote start system puts you there from nearly 200 feet away with simply the touch of the key fob.

*Whichever comes first. See dealer for details.

**EPA estimated mpg 34 hwy. Scion tC: 30 hwy.

**OUTSIDE CHROME DOOR HANDLES**

Go for the chrome. Adding a stylish, personalized look to your G5, these chrome door handles replace the standard body-color units.

16- AND 18-INCH WHEELS With their high-tech exposed-bolt look, these aluminum wheels put your G5 on a definite performance footing. Validated to GM specifications, these exposed lug wheels are available with matching center cap and lug nuts.

PEDAL COVERS G5 pedal covers feature a high-tech brushed aluminum finish and techy, drilled-out surfaces. There's a two-pedal kit for automatic transmissions and three-pedal kit for manual models.

STREET CRED.

G5 was fun to create, now it's your turn. Add personal touches to the exterior and interior with available dealer-installed accessories designed specifically for G5. Choose the high-wing spoiler pictured here. This one-piece, custom-molded spoiler adds an aggressive flair and can be painted to match your G5. This, and many other accessories, can be obtained and installed at your Pontiac dealer and are covered under your GM New-Vehicle Limited Warranty.
